2. Citations and explanations:

None of the citations disclose the particular combination of features as disclosed in the claims 1-7 viz.

"A timing display device for use in games or sports, characterised in that the timing display device has a first end, a second end, and at least one intermediate location, the timing display device having a first indicating means which is arranged to move between the first end and the intermediate location, and a second indicating means which is arranged to move between the second end and the intermediate location, the first and second indicating means being arranged to move in unison towards the intermediate location such that the end of a predetermined time period is indicated by the first and second indicating means at the intermediate location."

Claimed invention is therefore, considered to be novel and inventive.
